A PLACE TO LIVE. A WORLD TO EXPLORE.

The Climate City

Concept masterplan & architectural interior collection • Nasarawa State, Nigeria

1,200 hectares

14 connected destinations

67 new architectural views

An exploratory spatial vision for homes, culture, wellbeing, tourism and nature. Proposed locations, building designs, rail access and waterfront conditions are illustrative and subject to site selection, technical studies and approvals.

THE CONCEPTUAL MASTERPLAN

One landscape. Connected places.

All core destinations are marked below. Positions express a design concept; this is not a surveyed or statutory plan.

SPATIAL FRAMEWORK

A city built around belonging.

The masterplan connects everyday services with cultural, ecological and visitor destinations.

01 / THE CULTURAL HEART

Museum, market and diplomatic park

A central cultural destination links public life, craft, exchange and local enterprise. The museum provides the strongest arrival sequence and visual identity.

02 / LIVE, LEARN & THRIVE

Homes, schools, hospital and sports

Neighbourhood functions are grouped around shaded movement and access to essential services. Courtyards and landscape soften the transition between public and private spaces.

03 / STAY & DISCOVER

Hotel, waterfront, gardens and wildlife

Tourism experiences connect hospitality to cultural programming and nature. Waterfront and conservation layouts remain site-dependent concepts.

04 / CONNECT & SUSTAIN

Station, clean energy and agriculture

A conceptual rail gateway, energy landscape and productive gardens broaden the city vision. Rail integration requires separate feasibility and transport agreements.

African stories. A shared future.

A signature cultural destination, designed around heritage, contemporary creativity, learning and gathering.

Grand arrival atrium

The first of seven distinct museum spaces.

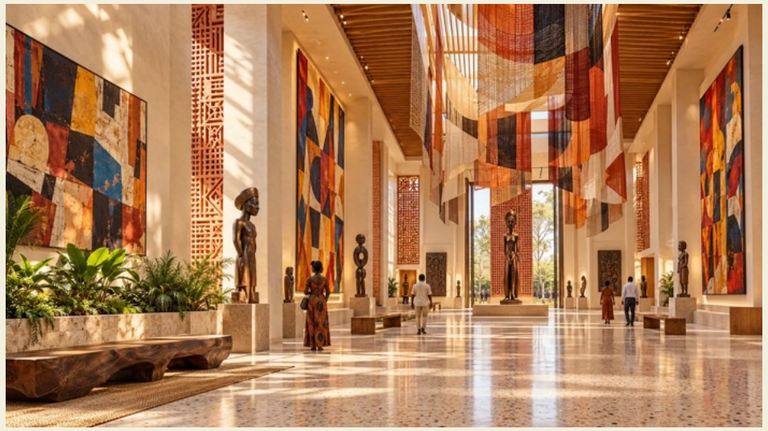

Six more ways to experience the museum.

Architectural concept views • Materials, furnishings and spatial arrangements are illustrative.

01 African heritage galleries

Carefully lit displays connect material culture, craftsmanship and a landscaped courtyard.

02 Contemporary art hall

Generous galleries celebrate contemporary creativity through art, textiles and changing exhibitions.

03 Immersive storytelling theatre

An intimate theatre surrounds visitors with moving landscapes, sound and shared stories.

04 Living craft studio

A working atelier brings weaving, ceramics and hands-on learning into the museum experience.

05 Research library

A serene reading room connects research, archives and quiet study with views of the gardens.

06 Sculpture courtyard and café

Art, shade and hospitality meet in an open courtyard beside the museum café.

Care within reach.

Architectural concept views • Materials, furnishings and spatial arrangements are illustrative.

01 Welcome atrium

A calm, light-filled arrival hall connects reception, comfortable waiting areas and a healing garden.

02 Patient suite

A quiet patient room pairs clinical functionality with daylight and views of greenery.

03 Consultation rooms

Welcoming consultation spaces support private conversations and everyday care.

04 Diagnostic centre

An orderly diagnostic suite balances patient comfort with clear clinical circulation.

05 Rehabilitation studio

A daylit rehabilitation studio supports movement and recovery.

06 Healing garden

A sheltered courtyard offers patients and families a restorative pause.

A world of discovery.

Architectural concept views • Materials, furnishings and spatial arrangements are illustrative.

01 Learning commons

A welcoming learning commons brings shared study and informal gathering together.

02 Library

A generous library provides places for quiet reading, research and discovery.

03 Science laboratory

A practical science classroom encourages hands-on learning.

04 Digital studio

A flexible digital studio supports practical skills and creative work.

05 Early-years classroom

A bright early-years room connects playful learning to the garden.

06 Assembly hall

A shaded gathering hall creates room for shared learning and performance.

Room to move.

Architectural concept views • Materials, furnishings and spatial arrangements are illustrative.

01 Sports atrium

A welcoming atrium connects the centre's activity spaces.

02 Indoor arena

A flexible indoor arena provides space for community sport.

03 Aquatics hall

A daylit pool hall connects swimming with views of the landscape.

04 Fitness studio

A bright fitness studio supports everyday training.

05 Movement studio

A quieter studio provides room for stretching, dance and wellbeing.

06 Players lounge

A comfortable lounge gives athletes and visitors a place to recharge.

The rhythm of local life.

Architectural concept views • Materials, furnishings and spatial arrangements are illustrative.

01 Market hall

A generous covered hall brings local produce and everyday trade together.

02 Artisan arcade

An artisan arcade gives craft and local enterprise a distinctive setting.

03 Food court

A shaded dining hall creates a social heart for the market.

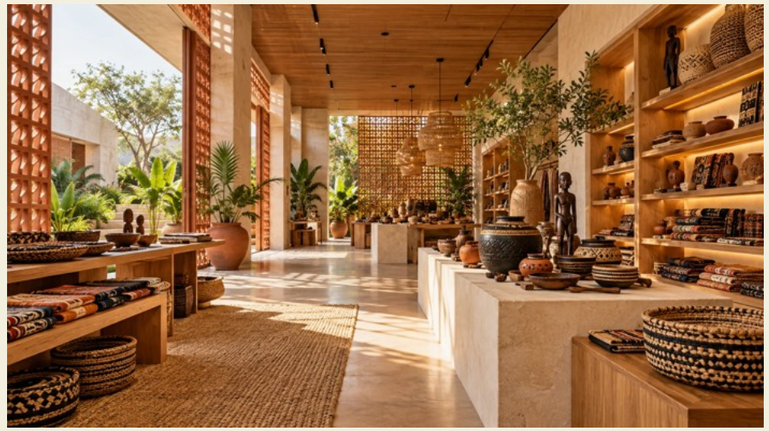

04 Demonstration kitchen

A demonstration kitchen connects food, learning and local producers.

05 Retail courtyard

A planted courtyard links shaded shopping streets.

06 Local goods gallery

A curated retail space presents locally made products.

Connected to the world.

Architectural concept views • Materials, furnishings and spatial arrangements are illustrative.

01 Diplomatic reception

A dignified reception hall welcomes international exchange.

02 Council chamber

A flexible meeting chamber supports dialogue and collaboration.

03 Exchange pavilion

A cultural exchange pavilion creates a place for exhibitions and encounters.

04 Research library

A quiet research library supports learning across cultures.

05 Delegates lounge

A comfortable lounge offers informal space for visiting delegates.

06 Peace courtyard

A planted courtyard provides a calm setting between meetings.

Let nature lead.

Architectural concept views • Materials, furnishings and spatial arrangements are illustrative.

01 Nature arrival pavilion

An airy visitor pavilion introduces the landscape and its conservation story.

02 Ecology gallery

A gallery creates space to discover habitats, species and landscape restoration.

03 Observation hide

A quiet timber hide frames long views over a protected habitat.

04 Learning studio

A hands-on learning space connects visitors with conservation practice.

05 Habitat boardwalk

Raised paths allow visitors to explore while protecting sensitive ground.

06 Lookout terrace

A sheltered terrace offers a slow encounter with the surrounding landscape.

Stay a little longer.

Architectural concept views • Materials, furnishings and spatial arrangements are illustrative.

01 Arrival hall

A monumental welcoming lobby with crafted sandstone, timber ceilings and a view towards the water.

02 Lake-view suite

A restful guest suite opens towards the landscape through deep shaded glazing.

03 Signature restaurant

Warm light, local materials and generous views shape a destination dining room.

04 Wellness sanctuary

A quiet spa combines warm stone, filtered daylight and sheltered garden views.

05 Evening lounge

An intimate lounge celebrates contemporary African art and craftsmanship.

06 Garden courtyard

An open-air heart brings shade, greenery and still water into the hotel.

A living landscape.

Architectural concept views • Materials, furnishings and spatial arrangements are illustrative.

01 The central green

A generous shared lawn forms the civic heart of the landscape.

02 Shaded neighbourhood walk

Tree-lined paths connect homes and everyday destinations.

03 Rain garden

A planted drainage corridor turns everyday infrastructure into a landscape experience.

04 Sculpture garden

Art and landscape meet along an intimate sequence of outdoor rooms.

05 Botanical walk

Layered planting and shaded pavilions invite leisurely exploration.

06 Sunset overlook

An elevated viewpoint reveals the city within its wider landscape.

Where the city unwinds.

Architectural concept views • Materials, furnishings and spatial arrangements are illustrative.

01 Lakeside promenade

A shaded public edge connects the hotel and waterfront destinations.

02 Dining terrace

An outdoor dining terrace opens directly to the water.

03 Water garden

A sheltered garden brings the lake atmosphere close to the hotel.

04 Arrival jetty

A modest jetty forms a distinctive waterfront arrival point.

05 Sunset pavilion

A quiet pavilion offers a place to pause at the water’s edge.

06 Pool terrace

The hotel’s outdoor leisure spaces look towards the landscape.

An arrival to remember.

Architectural concept views • Materials, furnishings and spatial arrangements are illustrative.

01 Arrival hall

A light-filled station hall creates a welcoming civic gateway.

02 Shaded platforms

Deep canopies create comfortable, clearly arranged boarding spaces.

03 Passenger lounge

A comfortable waiting lounge combines daylight, shade and crafted finishes.

04 Garden concourse

A planted concourse brings the character of Climate City into the journey.

05 Station café

A relaxed café offers a place to meet before the journey.

06 Civic forecourt

A landscaped arrival plaza connects rail, walking and local mobility.

EVERYDAY FOUNDATIONS

A complete community.

The original brochure also establishes homes, clean energy and food systems as essential parts of Climate City.

Homes & Neighbourhoods

Courtyard homes and shaded streets connect daily life with the landscape.

12 / ORIGINAL BROCHURE VISUAL

Clean Energy

The proposed energy strategy combines solar generation, storage and managed distribution.

13 / ORIGINAL BROCHURE VISUAL

Food & Agriculture

Growing spaces connect fresh produce, practical learning and local livelihoods.

14 / ORIGINAL BROCHURE VISUAL

THE INTERACTIVE EXPERIENCE

Choose a place. Step inside.

A desktop and mobile preview connects the labelled overview to the architectural collection.

01 Explore the city

Switch between the aerial masterplan and a revolving 3D study. Drag to change the view and select a labelled destination.

02 Enter a destination

The preview moves towards the selected district and opens its collection of interior or landscape views.

03 Discover each space

Scroll, swipe or use the next-view controls. On desktop the description sits on the left; on mobile it moves to a bottom panel.

04 Return and explore again

Back to city restores the overview. The destination menu gives direct access to every core place.

PREVIEW BASIS The current experience animates still images. Fully rendered camera-flight videos are a later production stage. All imagery is a design proposal, not photography of completed development. The 3D study illustrates relationships rather than measured geography.
